Dear Judge Kline

My name is Mary
Beck Smith, my husband
Robert M. Smith retired from
Kelpi Corp. in Warren Ohio
after 32 years.

I am asking you
for my husband, the employees
and all retired to consider our
plea that you will not rule in
favor of Kelpi to void our
contracts and rule in favor of
all retirees and employees. I also
ask that you make all sides
negotiate as long as they have to

and to do it fairly.

It is awful to see and handle what Delphi is doing to their present employees, the retirees and to all the people who took the buyouts.

My husband a faithful employee does not deserve to lose his pension or benefits. So many people's lives have been ruined or will be ruined if Delphi is allowed to void contracts.

Thank you for reading my letter, please help us.
